

Issue	Total	Respondent 1	Respondent 2	Respondent 3	Respondent 4	Respondent 5
Preparation						
Engage PAFN in the disaster planning process in a way that increases the likelihood that they complete and maintain their plans.	15	3	3	3	3	3
Collaborate with VOAD members and other organizations that serve PAFN living independently to develop and maintain a centralized, county-wide client registry/GIS map.	10	2	2	2	2	2
Develop a risk map that highlights the most vulnerable PAFN in the county.	10	2	2	2	2	2
Help organizations that work with people who have access and functional needs (AFNOs) to develop disaster response plans.	13	3	2	3	3	2
Help AFNOs integrate individual and family disaster preparedness planning into their staff and volunteer training, client education, and other services.	11	2	3	2	2	2
Work with www.volunteersbc.org and other community organizations to develop a pool of screened and trained volunteers to assist AFNOs in a disaster.	10	2	2	2	2	2
Notification						
Work with broadcasters to ensure emergency broadcasts are supported by closed-captioning.	11	2	2	2	3	2
Work with the County OES to incorporate text-based notifications into reverse-911 systems so they work for people who are deaf.	11	2	2	2	3	2
Work with the County OES to develop protocols for notifying care-givers or support network members who may not live in the same evacuation zone as the PAFN they assist.	10	2	2	2	2	2
Evacuation						
Receive the special transportation, equipment, and assistance that they need to evacuate.	13	2	3	3	3	2
Maintain contact with their daily care providers and case managers.	12	2	2	2	3	3
Bring with them required equipment, medications, care instructions, and descriptions of other accommodations.	13	2	2	3	3	3

Issue	Total	Respondent 1	Respondent 2	Respondent 3	Respondent 4	Respondent 5
Are evacuated to shelters that can provide the specialized daily care protocols that they need, , including medical equipment and treatments.	9	2	3	2	0	2
Are evacuated to shelters that can provide the specialized daily care protocols that they need, , including medical equipment and treatments.	6	2		2		2
Evacuation - Transportation						
Assist transportation providers develop MOU(s) with the County to ensure that the County does not appropriate transportation services that are needed to evacuate PAFN.	2	0	0	2	0	0
Returning Home						
Develop protocols and training for Red Cross shelter managers and staff to ensure adequate professional evaluation and case management for at-risk PAFN shelter residents (those with dementia, other severe disabilities, or an inadequate support network) to ensure that they return to a living situation that meets their needs.	8	0	2	3	3	0
Seek consultation from homeless advocates or case workers to develop shelter shut-down procedures that will address the needs of homeless people with disabilities.	8	0	2	2	2	2
